

Introducing

THE PLATFORM

An economical solution to computer and peripheral placement. Allows you to place your computer, monitor and other peripherals on a standard size desk (21" or larger). Elevates rear peripherals and allows you to bring them close behind the console at a comfortable working position. Covers and protects plug in connectors and cords. Cleans up that "Cord Clutter". Can be used with a 10", 13", most 15" and some 17" monitors, also designed to hold the peripheral expansion box. Can be used behind the side plug in peripherals to elevate your disk drives, cassette recorders, etc. Use one behind your console to hold your monitor and one on the side to hold other peripherals.

Sturdy construction, made of solid wood with a satin walnut finish and no skid feet, measures 17 1/2" wide, 11" deep, 2 1/2" high. Designed specifically for your TI 99/4 (A) computer and peripherals. Why pay more for a desk than you did for the computer?

Model PH1A Only 19.95

Accessories shown are for demonstration purposes only and are not included. See ordering information inside.

ALPHABET SOUP

At last a cracker that won't get soggy. Souper Cracker to the rescue. CRUNCH CRUNCH GOBBLE GOBBLE — Out of the soup the letters fly. This fast action game was designed for the younger computer user, with a prompt mode that displays the next letter to be eaten. Full of rewards and colorful graphics. Eating soup has never been this much fun. Optional speech. Joysticks and extended basic required.

Casino Black Jack has been designed to teach you when to stand, hit, split pairs and double down. It's like having a professional Black Jack player helping you increase your odds of winning by telling you what to do depending upon the dealers up card. Along with its high resolution color graphics you have the following options: stand, hit, double down, split a pair and insurance.

Great practice for card counters as you can choose to be dealt from a single deck, 2 decks or 4 decks. Three modes of play include, teach mode, test mode and the play only mode. Hours of educational fun!

"I have finally seen the TI 99/4(A) extended basic potential. **Pharaoh's Tomb** and **Battle Over Titan**. Both game graphics."

"I am well satisfied with my **Pharaoh's Tomb** tape. Thank you for the **Casino Blackjack** program. I am in order for another program. P.S. Keep up the good work."

Excerpts from forthcoming reviews in *The 99'er Magazine*. If you don't now own an extended basic module you need **Blackbeard's Treasure**. Everything about this program is unique. Clever sound effects add much to the delight that you just never get tired of.

The **Pharaoh's Tomb** is an extremely challenging game from it once you've begun. Some of the best sound effects in a game, and a gorgeous graphic display can be watched.

THE PHAROAH'S TOMB

During the third dynasty of the ancient empire there ruled a great Pharaoh with enormous wealth. He commanded that all his wealth shall be placed in a special tomb that was built over a very deep pit.

The myths about the tomb tell us of trap doors and walls that move. We've also heard that the king's ghost is still there protecting his treasure to this day! Automatic multi-level with free plays. High resolution full color graphics. Special sound effects. The Tombs are different each time you play! How long can you last in the Pharaohs Tomb?

BATTLE OVER TITAN

Your short range scanner has located
Torg craft that are out to destroy your
outpost on Titan. Time is crucial! Can you
maneuver your Drone through the dimin-
ishing weak areas in the Torgs scanner and
weapon aiming systems. How long can you
stave off the Torgs attack? High speed, fast
action, special sound effects, high resolu-
tion full color graphics, 10 levels of dif-
ficulty, random game boards — no two
games play alike. Will you be able to repair
additional fighter drones in time to save
your outpost?
