NOTES NOTES NOTES NOTES

To browse the "ti-99-docs-manuals-ebooks-lost-found" thread via web archive go to:

<http://web.archive.org/web/20220804182507/https://atariage.com/forums/topic/248687-ti-99-docs-manuals-ebooks-lost-found/#comments>

Links to next, previous and numbers should work. MOST docs will be available to download from the web archive. Due to the cumulative nature of the thread, if the web archive has a page from 2021 you may not see all pages available- advance the year in the link eg from 2021 to 2022 etc.

Regarding the individual post links above and web archive:

web archive holds the 2019-2022 format of the site, without the word forums at the start of the url.

THIS list contains links in the NEW format introduced August 2022. The OLD 2019-2022 links were the same but instead of <http://forums.atariage.com> took the form <https://atariage.com/forums/topic/>

The OLD form links can be used with the web archive-

try with both http and https urls. Most of the links above should have been archived, access them by ADDING:

<http://web.archive.org/web/2022/> to the older form URLs (eg followed by [https://atariage.com/...](https://atariage.com/)) as in:

NEW url = <https://forums.atariage.com/forums/topic/268739-disk-doc-to-pdf/?p=3866062>

OLD URL via web archive:

<http://web.archive.org/web/2022/https://atariage.com/forums/topic/268739-disk-doc-to-pdf/?p=3866062>

=====

from June 2019 URLs could be in two formats:

</?p=3866062> which will ACTUALLY take you to

</?do=findComment&comment=3866062>

which means that two formats are useable but only the last is the real url.
