

Introducing

THE PLATFORM

An economical solution to computer and peripheral placement. Allows you to place your computer, monitor and other peripherals on a standard size desk (21" or larger). Elevates rear peripherals and allows you to bring them close behind the console at a comfortable working position. Covers and protects plug in connectors and cords. Cleans up that "Cord Clutter". Can be used with a 10", 13", most 15" and some 17" monitors, also designed to hold the peripheral expansion box. Can be used behind the side plug in peripherals to elevate your disk drives, cassette recorders, etc. Use one behind your console to hold your monitor and one on the side to hold other peripherals.

Sturdy construction, made of solid wood with a satin walnut finish and no skid feet, measures 17 1/2" wide, 11" deep, 2 1/2" high. Designed specifically for your TI 99/4 (A) computer and peripherals. Why pay more for a desk than you did for the computer?

Model PH1A Only 19.95

Accessories shown are for demonstration purposes only and are not included. See ordering information inside.

ALPHABET SOUP

At last a cracker that won't get soggy. Souper Cracker to the rescue. CRUNCH CRUNCH GOBBLE GOBBLE — Out of the soup the letters fly. This fast action game was designed for the younger computer user, with a prompt mode that displays the next letter to be eaten. Full of rewards and colorful graphics. Eating soup has never been this much fun. Optional speech. Joysticks and extended basic required.

Casino Black Jack has been designed to teach you when to stand, hit, split pairs and double down. It's like having a professional Black Jack player helping you increase your odds of winning by telling you what to do depending upon the dealers up card. Along with its high resolution color graphics you have the following options: stand, hit, double down, split a pair and insurance.

Great practice for card counters as you can choose to be dealt from a single deck, 2 decks or 4 decks. Three modes of play include, teach mode, test mode and the play only mode. Hours of educational fun!

"I have finally seen the TI 99/4(A) extended basic potential. **Pharaoh's Tomb** and **Battle Over Titan**. Both games have excellent graphics."

"I am well satisfied with my **Pharaoh's Tomb** tape with the extended basic module. Thank you for the **Casino Blackjack** program. I am immediately placing an order for another program. P.S. Keep up the good work."

Excerpts from forthcoming reviews in *The 99'er Magazine*. If you don't now own an extended basic module you need to get it. **Blackbeard's Treasure**. Everything about this program is unique. Clever sound effects add much to the delight of playing that you just never get tired of.

The **Pharaoh's Tomb** is an extremely challenging game that you can't stop playing from it once you've begun. Some of the best sound effects in any game, and a gorgeous graphic display can be watched.

THE PHARAOH'S TOMB

During the third dynasty of the ancient empire there ruled a great Pharaoh with enormous wealth. He commanded that all his wealth shall be placed in a special tomb that was built over a very deep pit.

The myths about the tomb tell us of trap doors and walls that will move. We've also heard that the king's ghost is still there protecting his treasure to this day! Automatic multi-level with free plays. High resolution full color graphics. Special sound effects. The Tombs are different each time you play! How long can you last in the Pharaohs Tomb?

BATTLE OVER TITAN

Your short range scanner has located Torg craft that are out to destroy your outpost on Titan. Time is crucial! Can you maneuver your Drone through the diminishing weak areas in the Torgs scanner and weapon aiming systems. How long can you stave off the Torgs attack? High speed, fast action, special sound effects, high resolution full color graphics, 10 levels of difficulty, random game boards — no two games play alike. Will you be able to repair additional fighter drones in time to save your outpost?

THE CRAZY FUN HOUSE

Enter the Crazy Fun House at your own risk where Smiley, Grouchy and their 6 friends are waiting for you to make a wrong turn. This crazy game has visible and invisible passageways where you can chase or be chased, dodge, shoot and rack up points for extra men. It pushes your TI 99/4, 99/4A in extended basic to its ultimate limits with 9 screens and 32 levels of fast action, colorful graphics and superb sound effects.

Optional test mode allows you to start at any level. Joysticks and extended basic are required.

Can you learn the secret patterns of each screen?

MILLERS GRAPHICS — The name you can trust to bring out the power of your 99/4 or 99/4A home computer.

- 100's of hours of programming and testing on each game
- High resolution full color graphics
- Special sound effects

SMART PROGRAMMING GUIDE™ FOR SPRITES

5⁹⁵

- ★ This Guide will show you some of our professional programming secrets on how to:
 - Use CALL PEEK.
 - Get sprites to pick up objects, eat dots and lay down a trail.
 - Shoot sprites without missing a coincidence.
 - Make one sprite chase another.
 - Easily convert sprite rows and columns into graphic rows and columns and visa versa.
 - Generate moving sprite patterns.
 - Use 3 different CALL KEY and 3 different CALL JOYST examples for moving sprites around the screen.
 - Write a general bar graphing program (to one pixel accuracy) that shows you sprites aren't just for games.
- ★ Full of fast running and Byte saving examples that you can use in your existing programs or combine together to write your own programs.
- ★ Each example program is fully documented in a step by step method that is easy to understand.
- ★ Written exclusively for your TI 99/4 , 99/4A computer and the extended basic command module .

Order now because your computer is only as smart as its' programming.

"I have never written to a company before concerning its product. Yet, I had to write to you to express my pleasure in playing **Blackbeard's Treasure**. I received my extended basic just a few days prior to receiving the **Blackbeard's Treasure** game. The graphics in **Blackbeard's Treasure** are incredible and out do anything I have seen. The game play its self is also excellent. I am going to be doing an Extended basic presentation for our newly formed user's group this month and I plan to demonstrate the full capabilities of extended basic using **Blackbeard's Treasure**. Thank you for a great game".

— R. Mele, Ft. Worth, Texas

"Thank you for your great games, they are just fantastic. I have all three, **Pharaoh's Tomb**, **Blackbeard's Treasure** and **Battle Over Titan**, and I can't play them enough.

What you are able to do in extended basic far surpasses anyone in your field. None of the other games I have purchased comes anywhere near yours".

— J. Gardner, West Seneca, N.Y.

"Keep up the good work, Fun Software, Keep working on Great Software".

— Ken Barmer, Memphis, Tenn.

"**Pharaoh's Tomb** is great. **Blackbeard's Treasure** and **The Pharaoh's Tomb** are the best extended basic games I've ever seen".

— J. McDonnell, Upland, CA

"Thank you for your speedy service and excellent graphic programming".

— R. Reitz, Sunbury PA

"I just wanted to tell you how much I appreciate your sending me my **Pharaoh's Tomb** so quickly".

— J. Myers, Odessa, FL

"I have recently purchased your cassette version of the **Pharaoh's Tomb**. I found it to be everything you said it would be. Fun challenging and entertaining, I have also found your service excellent".

— A. Klingler, Randolph, N.J.

"Please continue sending information regarding your software. Keep up the good work!"

— J. Sulsona, Atlanta, GA

"I would like to praise you for your fine software, also, your speedy delivery was very nice. I will order again soon. Thanks again".

— J. Burt, San Luis Obispo, CA
