

MICRO PINBALL

MINIMUM REQUIREMENTS

- TI 99/4A Home Computer

MICRO PINBALL

INTRODUCTION - Big Business has made a breakthrough in the area of micro electronics. In search of ever greater profits they have shrunk the entire Cally Game company into a giant micro chip. A Ten year salary bonus in one year has induced you to undergo an Inter Space transformation and run the test line of the company. Unfortunately, the plant control computer has gone berzerk, and challenged you to a game of MICRO PINBALL. The prize .. your freedom from the micro world, if you fail - just another electron.

SETUP:

- 1) Insert the module into the slot on the console. Turn the computer ON, and wait for the master title screen to appear.
- 2a) TI/MYARC Disk Controllers - Press any key to make the master selection list appear. Press the key corresponding to the number beside MICRO PINBALL
- 2b) CorComp Disk Controller - Press the space bar twice to make the master selection list appear. Press the key corresponding to the number beside MICRO PINBALL. Note: To remove the module, power OFF the the computer. Then remove the module from the slot.

Once loaded, the game will display the title screen. Start the game by pressing any key. Make sure the ALPHA LOCK is OFF.

GAME PLAY - Either the keyboard, or joystick 1 may be used to start the play and launch the ball.

JOYSTICK OPTION	
(1 Player)

- FCTN = - Quits game.

Scoring

Rollover between lanes at top 10,000 points.
Other rollovers top and bottom 10,000 points.
Spinner (per spin) 10,000 points.
Moving target/flashing target 10,000 points.
All bumpers 10,000 points.

When the moving target is hit it will close the outlane gates on the left and right sides of the machine in addition to the scoring above.

Score accumulated by hitting flashing targets adds 1000 points to the bonus counter. the bonus multiplier to the right of the bonus counter is incremented after all moving targets are hit on the small playing area.

LIMITED WARRANTY

YOUR RIGHTS AND OURS - This product is yours - not ours - you paid for and you own it. You may sell this product without notifying us. However we retain copyright and other property rights in the program code and documentation. We think this policy is fair to you and and us, please abide by it. We will not tolerate distribution of this product by any other means.

LIMITED WARRANTY - In return for your understanding of our legal rights, we guarantee this product to reliably perform as detailed in this documentaion, subject to limitations here described, for a period of thirty days. If this product fails to performs specified, we will either correct the flaw(s) within a period of 30 working days of return or let you return this product to the place of purchase for a refund. If your retailer does not cooperate, return this product to us. While we can't offer more cash than we received for the product, you have this choice: 1) Cash refund of the wholesale price. 2) You may have a merchandise credit for the retail price which can be applied to any of our products. Any product returned must include date and proof of purchase, the original product and all packaging and documentation. If the product is defective within the warranty period return it to us for a free replacement.

We cannot be responsible for any damage to your equipment, reputation, profit-making ability or mental or physical condition by the use or mis-use of this product. Under no circumstances will we be liable for an amount greater than your purchase price. Some states do not allow limitations on how long an implied or express warranty lasts, or the inclusion or limitation of incidental or consequential damages, so some of the above limitations or exclusions may not apply to you.

FEEDBACK - Customer comments are VERY important to us. Please let us know how you consider the product. **COPYRIGHT NOTICE** - This module, module contents and documentation are Copyright (C) 1987 by DataBioTics.
