Dear TI-99/4A Owner:

Thank you for taking the time to read this letter and browse through our latest catalog. We at Triton continue our dedication to bringing you new and exciting products at great prices for your TI-99/4A.

Shopping with Triton is easy! We've provided a convenient order form in the center of this catalog. But the biggest part is the "Bonus Coupons" attached—they make shopping with Triton even more fun! Of course, our toll-free "800" number puts you in instant touch with our courteous and helpful customer service representatives that will answer your questions and input your order while you're on the line.

We want you to feel good about shopping with Triton. All products we offer are warranted by the manufacturer or publisher. We also extend to you our own "Satisfaction Guarantee" (see details at right).

We like to hear from you. If you ever have any suggestions on how we can improve, please don't hesitate to write me directly.

Sincerely,

*E. S. Herman*

### SUPER EXTENDED BASIC with DRAW 'N PLOT

A perfect choice for the TI-99/4A computer novice and programmer alike

*Super Extended BASIC* includes everything in TI's original *Extended BASIC* plus 33 new and six modified commands. This new plug-in-and-run cartridge is an important upgrade for the *Extended BASIC* programmer.

As an ADDED BONUS, *Super Extended BASIC* incorporates the highly-rated *Draw 'N Plot* graphics program from Quality 99 Software. The 15 subroutines can be used for remarkable hi-resolution plotting and graphing, which can be called up and displayed from your *Extended BASIC* program. Print on any Epson-compatible printer. Simple enough for children yet powerful enough for experts! Developed for Triton by MG. (*Draw 'N Plot* requires 32K Memory Expansion only.)

CARTRIDGE #BDAK

"This is, truly, what *Extended BASIC* from TI should have been... a tremendous addition to the XB programmer's toolbox."

—COMPUTER SHOPPER, August 1987

### SPECIAL \$20 TRADE-IN/COUPON OFFER

If you own a *TI Extended BASIC* cartridge and would like to upgrade to *Super Extended BASIC*, take advantage of this special offer. When you receive your new *Super Extended BASIC* from Triton Products, send us back your *TI Extended BASIC* (cartridge only please) and we'll send you a coupon worth \$20.00 on your next mail order.

# EXPANDING YOUR TI-99/4A

## SYSTEM EXPANSION THROUGH DISK

If you're like most TI-99/4A owners, sooner or later you'll probably want to upgrade your system. The reason is simple. As you grow more and more familiar with your computer, you'll want to use it more and for more complex tasks.

How to expand your system depends on the level of capability you want. For instance, software for your TI-99/4A is available in three formats—cartridge, disk and cassette. Most cartridges containing pre-written programs are simply plugged into the cartridge port on the console. However, some cartridge

### CORCOMP 9900 MICRO-EXPANSION SYSTEM

The compact CorComp 9900 Micro-Expansion System plugs into the side of your console and contains an RS232 Interface (for Printer and Modem hook-up); a 32K Memory Expansion; and a Disk Controller with disk manager on diskette capable of formatting double-sided, double-density diskettes. Add a disk drive that provides up to 360K of storage (double-sided, double-density) and you now have a complete system that will outperform systems which sell for twice the price!

programs, such as *Household Budget Management* (page 14), require a Disk or Cassette System or the program will not work. For other cartridges a Disk or Cassette System is recommended or optional, which means the program will run without the added hardware, but you won't get the full power of the program. For still other cartridge programs such as *TI LOGO II* (page 12), you must have 32K Memory Expansion capability and either a Disk or Cassette System is recommended.

**WANT TO GET THE MOST OUT OF YOUR EXISTING TI-99/4A PERIPHERAL EXPANSION SYSTEM? HERE ARE A NUMBER OF EXCITING PRODUCTS THAT WILL GREATLY INCREASE THE CAPABILITY OF YOUR PRESENT SYSTEM!**

# EXPANDING YOUR TI-99/4A

## SYSTEM EXPANSION THROUGH MEMORY OR CASSETTE

Your TI-99/4A has a powerful 16K Random Access Memory (RAM). You can expand RAM up to 48K by adding either a 32K Stand-Alone or a Peripheral Expansion System with 32K built-in, such as the ones featured on pages 3 and 4.

Some software programs such as *TI LOGO II* (page 12) require only Expanded Memory capability. Other software programs, such as *Editor/Assembler* (page 5), *TI-Writer* (page 7), and *MicroSoft Multiplan* (page 7), require both Expanded Memory and a Disk System.

### TELECOMMUNICATIONS

All TI-99/4A owners can join in one of the most exciting areas of home computer growth: telephone computer networks. Through your phone, you can access a whole universe of data bases.

By subscribing to *CompuServe Information Service*, an on-line information and communications network, you can talk to other computer operators—or let your computer talk to theirs. Shop and bank by direct tie-in . . . send and receive electronic mail and messages . . . play games with friends and strangers a continent away.

It's time to plunge directly into the mainstream of computer advancement. All you need to order is listed on this page: hardware, software, service!

#### COMPUSERVE INFORMATION SERVICE STARTER KIT

Now you can join the thousands who use telecommunications by subscribing to *CompuServe Information Service*. Just link your computer by telephone to one of America's most popular networks—and you

revolutionize the way you gather information and communicate with others!

Press a few keys for latest news, weather, sports scores, movie reviews, or for updates on 40,000 stocks, bonds, options and commodities. Make an air reservation, post a sales notice, confer with a client, beat someone at Trivia. Exchange software, learn about solar heating, receive electronic mail. Bank, shop and pay bills. In all, choose from 75 special interest groups and 200 information categories.

Kit includes: \$25 worth of connect time, Personal User ID Number and Password, 3-ring binder with User's Guide, telephone numbers and log-on instructions and subscription to monthly UPDATE newsletter. Connect time after initial \$25 worth and selected services are subject to additional charges. (Requires *Terminal Emulator II* cartridge or *4A Talk* diskette, Modem and RS232 Interface.)

Perhaps the ultimate home computer skill is original programming. You achieve maximum satisfaction and challenge when you design your own information packages . . . create your own games . . . fulfill your most minute program specifications.

Tackling programming is now easier than ever before.

Therefore, it's important to decide how you want to use your TI-99/4A before deciding how to expand its memory.

#### SANYO SLIM LINE PROGRAM RECORDER

If you own only the TI-99/4A keyboard, now is the time to expand your system with this cassette recorder.

Use it to save programs you've written, save data or to run some of the many cassette-based software programs available.

Features include digital tape counter with reset, mechanical pause, tone control and AC/DC operation. AC power cord and connector cable included.

BUY THE SANYO SLIM LINE PROGRAM RECORDER AND GET THE HOUSEHOLD BUDGET MANAGEMENT CARTRIDGE AND THE PERSONAL FINANCIAL AIDS CASSETTE FREE!  
AN \$11.90 VALUE!

To take advantage of many of the cassette format programs available, all you need is a Cassette Recorder and connecting cable. The Cassette Recorder is controlled by the computer. A Cassette System is also an inexpensive way to store information . . . providing reliable loading and retrieval of data on standard cassette tapes. However, a Cassette System operates slowly compared to a Disk System. To decide on a Cassette System vs. a Disk System weigh your desire for reliability and speed against cost.

#### MULTICOM 32K and RS232 STAND-ALONE COMBO

This stand-alone system incorporates both memory expansion and serial & parallel interfaces in one neat package, saving you nearly \$50! It plugs directly into the side of your TI-99/4A and provides the connections for printers and modems, while expanding the memory to the 48K maximum. Includes BONUS parallel printer cable.

Wordwriter is a revolutionary new cartridge that makes your TI-99/4A a powerful word processor.

Simply plug your Wordwriter cartridge into the module slot and instantly you can: create mounds of text, up to 12,286 characters (36,782 with memory expansion), insert and

delete characters, lines or whole paragraphs easily; turn word wrap on and just type; turn line number display on or off at will; reformat text to neat margins after changes are made to your document; search and easily find key words or phrases within your document; and set left and right margins and horizontal tabs where you want them from the keyboard.

Wordwriter allows you to load and save from disk or cassette, as well as print a hard copy. Team Wordwriter up with one of the great printers on the previous page and start saving precious time and money wasted by duplication of typing effort. From DataDiotics. (Requires RS232 Interface and printer cable or ParaPrint Interface and Printer.)

### PRIMARY EDUCATION

#### MACDONALD'S FARM/SIMON SAYS

One of the most popular educational games. *MacDonald's Farm* asks you to help Farmer MacDonald round up his runaway animals and get them back into the barn. *Simon Says* plays a musical tone and color pattern you must repeat. For ages 4 to 9 from Kidware. CASSETTE #BJGG **\$8.95**

#### JUNIOR HANGMAN/JUNIOR MEMORY

*Junior Hangman* is a special version of the popular Hangman game. Developed and tested under the guidance of a veteran kindergarten teacher, it contains 350 built-in words for five and six year olds. *Junior Memory* is a junior level concentration-type game where two players compete on finding matched pairs of shapes. For ages 4 to 9 from Kidware. CASSETTE #BJGH **\$8.95**

#### HANGMAN/MEMORY

The popular *Hangman* program features fun graphics with animation and tests a child's spelling abilities. Contains 400 built-in words and any word can be entered for a two player game. *Memory* pits two players trying to find matching pairs of letters on a playing board against each other. For ages 6 to 14 from Kidware. CASSETTE #BJGJ **\$8.95**

#### SHOOT THE MOON/SPELLMAN

*Shoot the Moon* is spelling competition for up to four players. Play two games, "Flasher" and "Scrambler," with your spelling list. *Spellman* lets you play "Hangman" with your own spelling list. Both are great for elementary school children. For ages 6 to 14 from Kidware. CASSETTE #BJGK **\$8.95**

#### SPELLING TUTOR/MATH TUTOR

*Spelling Tutor* is great help for your child with spelling lessons. Using your words, three different quizzes can be taken. *Math Tutor* allows your child to practice problems you put in the computer. Thus, math lessons are easily tailored to your child's level and abilities. For ages 6 to 14 from Kidware. CASSETTE #BJGL **\$8.95**

### SECONDARY EDUCATION

#### US CAPITALS/US GEOGRAPHY

In *US Capitals* you learn the states and capitals. Tests can be multiple choice or fill in the blank. *US Geography* asks you to name a state, given clues regarding capital city, date admitted to the union, region of the country, nickname and geographical feature. For ages 8 to 16 from Kidware. CASSETTE #BJGP **\$8.95**

## GRAPHICS

### GRAPHX

**At last... a complete Print Shop package for the TI-99/4A!**

Triton has gone all the way to Australia to import the latest Extended BASIC version of their most popular graphics program, **GRAPHX**.

Use **GRAPHX** to create your own advertisements, signs, personal stationery and greeting cards. Even banners are a snap using **GRAPHX** with its "rotate" feature. It's so easy because **GRAPHX** is completely menu driven!

In addition, this latest version contains a "flip" feature. Combine this with a special printer ribbon and produce artwork ready to iron onto any cloth material—start your own T-shirt factory! (Call Triton for availability of various printer ribbon packages.)

This 2-disk package not only includes the **GRAPHX** program from Australia, but a "flippy" disk packed with clipart that's ready to use. If you own a disk system, don't pass this offer up! (Requires Disk System, 32K Memory Expansion, Joystick and **Extended BASIC** cartridge. Epson-compatible printer is optional.)  
**DISK #BHET \$19.95**

## THE FRANKLIN SPELLING ACE Electronic dictionary makes misspelled words extinct

Thanks to Franklin's advanced linguistic technology this handheld electronic speller makes "fun" of your spelling. Performing thousands of calculations per second, *Spelling Ace* matches your word to its built-in 88,000-word Proximity, Merriam-Webster Linguibase<sup>®</sup> (one-third more words than many large desk dictionaries).

If your spelling is correct, you see it confirmed on the 16-letter LCD display. If it's not, *Spelling Ace* displays the correct spelling. If you're really stumped on a word, type in your best guess and you'll see a list of correctly spelled alternatives.

Use *Spelling Ace*'s search function for crossword puzzles. Just substitute "?" for the unknown letters and the *Spelling Ace* will list the possibilities. Also great for Scrabble<sup>®</sup>, Wheel of Fortune and other word games.

Use it anywhere—home, school or work. Measures only 1" H x 6.5" W x 4" D, weighs just 8 ounces. Runs on 4 AAA batteries (not included). Auto off saves power. Comes with instructions and 90-day warranty.

## MAKE THE IBM CONNECTION TO YOUR TI-99/4A

### THE BEST OF BOTH WORLDS

Triton insures that you will continue to enjoy your TI-99/4A investment! Continue to use all your favorite programs, play all of your favorite games as before. Then with a simple keyboard function, you're in the IBM world! You've got all the power of an IBM-compatible computer... from your TI keyboard. Now you can run all the great IBM programs, also.

### EDUCATORS, PARENTS AND STUDENTS

Teachers will appreciate the ability to use their existing TI-99/4A system to gain access to more sophisticated tutorial, testing and grading programs. Parents will enjoy the way their children will take advantage of all the educational programs available. College students will be able to use all of the personal productivity programs offered through university libraries.

### THE OFFICE AT HOME

The small business owner or corporate executive can stay in touch with the office. IBM compatibility gives you the advantage of using IBM programs like spreadsheets and data bases at home.

### MORE FUN FOR THE WHOLE FAMILY

Just think of the variety of entertaining games you can attack. Now is the time to take the step into the IBM world.

### What does the Triton TURBO XT do?

In short, it allows you to run the thousands of IBM-compatible programs as well as your TI software from your TI-99/4A keyboard.

### Why would I want to use IBM software?

Because it opens up a wonderful new world of computing for you. From entertainment to education to productivity to business, the number of programs available is nearly endless.

### What is the Bridge Box for?

The Bridge Box makes it possible for your TI-99/4A keyboard to be used as an IBM keyboard. It also lets you switch back and forth from IBM mode to TI mode without reconfiguring your system. Yes, you can use all of your existing TI hardware with the Triton TURBO XT. The Speech Synthesizer plugs into the expansion slot provided on the Bridge Box and the Expansion System daisy chains off the Speech Synthesizer.

### What if I have questions about my TURBO XT once I buy it?

Triton's Toll-Free help line is manned by our experienced technical staff. Should you ever encounter a problem, they can usually sort things out for you right over the phone.

### Where can I get software for the TURBO XT?

When you receive your TURBO XT you will get a catalog featuring hundreds of programs for use with your computer.

### What about all of my TI software?

You will be able to run your TI software exactly as you did before!

### Will I always use my TI keyboard with the TURBO XT or is there an upgrade available?

You may purchase an IBM-style keyboard from Triton for your TURBO XT at any time. (We'll even give you a credit for your bridge box!)

### \*Can I use my color TV as a monitor?

Depending on the use you intend for your new TURBO XT, using a color television set as a monitor may not be appropriate. If you plan on running mostly graphics-based software (entertainment or educational) your current TV should be adequate. But if you plan on running mostly text-based software (word processing or spreadsheets), depending on the characteristics of your set, the clarity of the text on your TV screen may not be satisfactory. If you plan on using text-based software as described above, we recommend that you consider purchasing a monitor in addition to your TURBO XT. Our helpful phone representatives can help you pick the system that best suits your needs.

### Does the TRITON TURBO XT expand my TI-99/4A's memory to 256K?

No, the TURBO XT does not allow your system to share memory or disk drives. In effect, it allows you to have 2 computer systems which share the same keyboard and monitor.

**STRIKE THREE!**

There's two outs in the bottom of the ninth, the bases are loaded and the count is full. Here's the wind up... the pitch... it's *Strike Three!*, the exciting new baseball game for your TI-99/4A!

Developed by John Phillips (*4A Flyer*, *Munchman II*), *Strike Three* is a part action, part simulation baseball game which allows you to play against a friend or the computer.

On the pitcher's mound choose to throw a high hard one, a slow curve or anything in between. When at the plate, use your best batter's eye to pick out the pitch you can take "downtown" for a home run.

If the ball is hit, the computer determines the outcome based on major league statistics. A replica of a diamond allows you to watch your runners make their way around the bases.

Superb graphics, stunning animation, realistic sounds and actual major league statistics make *Strike Three* a real home run as far as computer baseball games go. Available after April 15th. Call today to reserve your *Strike Three* cartridge.
