Oct 14, 1988

Dear Mr. Bernasek and Members of the  
T & Chips,

Thank you for repairing our Texas  
Instrument Computers in the Children's  
Room of the North Royalton Library.  
At times, there are several children  
waiting to use them and having two  
computers available means they don't  
have to wait as long. Also, we appreciate  
the promptness of your repairs. If  
we had to send the computers to our  
maintenance department, it would  
be several months before they would  
be available to the children.

Thank you for all of your help.

Sincerely,  
Mary Gresco  
Children's Librarian
