

#### PRESIDENT'S COLUMN.

I am new at this so please bear with me as I attempt to cover a number of items of interest to the T I Huggers.

First of all, an introduction: I am Don Donlan, the newly elected President of the T. I. Hoosier User's Group, the T.I. HUGgers. I will be writing a monthly column to bring you up to date on the happenings in and around the User's Group. This time I have a large number of topics to cover so let's move forward.

- 1) Recognition is due to the past Officers, Rich Scenic, Kevin West, and Lionel Sipes for all the time and energies they gave in the service of the T I HUGgers as we were starting out. Our thanks to these 'Founding Fathers'.
- 2) We are looking for someone who can serve as the club librarian; who can catalog our current entries and can maintain a directory of the programs submitted to the User's Group Software Library. A disk drive would be required, plus some familiarity with file organization and documentation.
- 3) The User's Group would also like to sponsor an Extended Basic Course for its members; however, we need some person to structure and present the class. If you would like to volunteer, please contact the Officers to set up a time-table and facilities.
- 4) Our next meeting is scheduled for May 8th, 1 p.m., at MicroComputers, Inc. We will be reviewing the Constitution and will vote to ratify it. So please give this document your consideration and your support.
- 5) I would like to thank Brian Richwine for his contributions of two graphic producing programs which we hope to include in an upcoming newsletter. If you have any short routines you would like to share please forward by way of our P. O. Box number.
- 6) Jim Richason will be starting a new Beginner's BASIC Class on Thursday evening, May 12, at 7:00 p.m. This will be the beginning of a series to

presented by Jim, so be sure to be on the ground floor of this well acclaimed series.

- 7) We have a special treat scheduled for our June 12th meeting, thanks to Mr. Micro, Pat McGraw. A talk by Mr. Extended Software of Cincinnati. This event will be limited to active members only, so be sure to have your membership card available to gain admittance. More details will be available in the June newsletter. Well, I think that's enough for now. See you happy HUGgers May 8th.  
P.S. We also want to extend our wishes for a happy Mother's Day as well!

#### GRAPHICS

If you are into computer graphics and have some art that you like, send a paper copy to the newsletter and we will print some as space allows. Include your name the computer and printer used and whether it was a screen dump or dot addressed as is the following piece by Kirk Ostby.

Look for a listing on the bulletin board at the next meeting.

The April TI HUGER meeting was held at MicroComputers Inc. where the following officers were elected by acclamation

Don Donlan President  
Steve Sims Vicepresident  
Barbara Uhrig Secretary  
Lois Farley Treasurer

Don Donlan led a fast paced, interesting meeting and is a master at word play. You must attend the next meeting to hear him verbalize.

Don reviewed the proposed constitution. A vote on this issue will take place on the May 8th meeting. (Copy of the proposed constitution should be included in this issue of the newsletter.)
