Date as postmark

Dear subscriber,

Thank you very much for your subscription to TIHOME. Enclosed with this letter you will find a copy of the last issue of the newsletter, TIDINGS and a copy of the software catalogue.

I publish at least six newsletters a year, possibly more, depending on the amount of material available. Articles, programs and letters are always welcomed from subscribers and, if space is available, they are liable to be published. TIHOME cannot, as yet, pay for articles but I hope the day will come. In addition, I also publish hardware tips and notifications of specific software errors and, as Texas Instruments are subscribers, anything published reaches their ears very fast. During the last year they have developed a high respect for and a good working relationship with TIHOME and its subscribers.

The software library operates on a sale and/or exchange basis. Programs can be purchased for £1 each, supply your own tape or disc, plus postage and packing. Listings can be purchased for 50p, plus postage and packing. Back copies of the newsletter cost 50p each.

A new program can be submitted to the library and, on acceptance, entitles you to any four programs in exchange.

I hope you enjoy your association with TIHOME and remember, if you need advice please ring the above number after 6.00 p.m.

Yours sincerely,

Paul M. Dicks, MIDPM
