PROTECT YOUR INVESTMENT WITH A BACK-UP

TI99/4A

At only \$79.95 the Texas Instruments 99/4A home computer is still the wisest choice for any individual or family just starting out in computing. But for those of you who already own a 99/4A and have purchased hundreds or even thousands of dollars in peripherals and software, buying a back-up computer for under eighty dollars is the smartest and least expensive way to protect the investment in your system.

TI-99/4A

\$79.95*

Are you using your 99/4A in the office and wish you had another to use at home? Is your family squabbling over who gets the computer first? You can put your back-up computer to use at once to solve these problems, and rest assured that your primary system is protected too.

Time is running out! The Texas Instruments home computer will not be available for sale much longer. Buy your back-up TI-99/4A now and protect your home computer system investment for the years to come.

*Shipping, handling & insurance on this special offer is \$10.00 (Continental U.S.) to any UPS deliverable address, HI, AK, Canada and APO slightly higher.

All 3 Modules for ONLY \$14.95 + S&H The Scott Foresman & Co. Reading Series with Special Value Package
EARLY READING, READING FUN, READING ROUNDUP
the Three Most Popular Modules:

Now you can purchase the entire Scott Foresman Reading Series at a fraction of the original price of over \$345. This series consists of 6 graded modules and manuals which take the child from pre-school through 6th grade level reading. This series has helped thousands of children to learn to read and to help improve their reading skills. By Special arrangement with Texas Instruments, **TEX-COMP**, is able to offer you a special package of the three most popular titles in this series, Early Reading, Reading Fun and Reading Roundup, at the amazing low price of only \$14.95 for all three (a 50% savings)!

- **EARLY READING:** Engaging color graphics and computer speech introduce and reinforce important reading skills. Speech synthesizer required. Cartridge.
- **READING FUN:** Stories and practice drills help build vocabulary and reading skills. Grades 1-3. Speech synthesizer is recommended. Cartridge.
- **READING ROUNDUP:** Several stories teach fourth grade level readers idioms, figures of speech and word meanings in context. Speech synthesizer optional. Cartridge.

The above titles are also available separately at \$9.95 each.

Also available at \$9.95 each are:

- **READING ON:** Teaches skills required to understand maps, graphs and schedules. Several stories and appropriate drills reinforce skills. Grade 3. Cartridge.
- **READING RALLY:** Practice basic reading skills and learn the difference between fact and opinion; understand the author's purpose and the bias and connotation of words. Grade 5. Cartridge.
- **READING FLIGHT:** For sixth grade level readers, several stories with special exercises to teach summarizing classifying and outlining skills. Speech synthesizer is optional. Cartridge.

TI Math Series
All 4 Modules for ONLY \$19.95 + S&H

- **ADDITION/SUBTRACTION I:** Teaches basic arithmetic skills and provides drills for reinforcement. Grade Level 1. Speech synthesizer recommended. Cartridge.
- **ADDITION/SUBTRACTION II:** More difficult problems and techniques than found in Addition/Subtraction I. Grade levels 1-2. Speech Synthesizer recommended. Cartridge.
- **MULTIPLICATION I:** Teaches the basics of multiplication. Grade levels 3-4. Speech Synthesizer recommended. Cartridge.
- **DIVISION I:** Teaches the basics of division. Grade levels 3-5. Speech Synthesizer recommended. Cartridge.

Software

THREE GREAT GAMES

COMPUTER WAR SUBMARINE COMMANDER RIVER RESCUE

the year's best software at the year's best price:

\$9⁹⁵ +s&h
ALL 3 GAMES
ON 1 DISK

We first saw these fantastic arcade quality games in Las Vegas at a private showing in 1983. Entertainment giant Thorne EMI planned to release them on module but changed their plans. We spent over a year clearing up the rights to these games so that we could bring them to you at a great price before they were lost forever. Now you can enjoy three of the best at one great price.

COMPUTER WAR

Based on the film "WAR GAMES" this game became a best seller for the Commodore and Atari computers. Defend the U.S.A. from missiles as a computer goes wild. Two scenes. Track enemy on a giant map

then as you target them. Fly a fighter to shoot them down in air to air combat. Then crack the code in a limited time scale. One of the best games ever written!

SUBMARINE COMMANDER

A submarine patrol simulator to hunt and destroy enemy shipping. Your mission is to destroy enemy shipping in Mediterranean waters. You have sonar to help you find them when you are submerged. If you are attacked you can dive deep (not too deep or the hull will crack) and try to dodge the depth-charges; then you can rise to periscope level for another attack on the convoy. But check the instruments for your oxygen level, fuel, battery charge, depth under your keel, and watch out for enemy destroyers, or it may all end in disaster!

RIVER RESCUE

Navigate a treacherous river and save the refugees! A vicious and bloody war is raging on the north bank of a river swarming with giant electric eels and fearsome crocodiles. Thousands of innocent villagers,

made homeless by the battles, are trapped between the treacherous river and the violent conflict. They are starving and helpless. Generously, a friendly country on the south bank of the river has offered food and shelter to the refugees. It is your mission to rescue them in your powerful patrol boat and take them across the river to safety. Although your intentions are peaceful, the warring armies each think you are working for the other one — so watch out for attacks from their helicopters and tanks. With danger all around you, you need nerves of steel to survive this tough mission of mercy!

'classic' game modules

ALL THE NEW & EXCITING DataBioTics CARTRIDGES
FOR THE TI-99/4A COMPUTER
AT SUBSTANTIAL DISCOUNTS!

Junkman Jr.

Star Runner

Spy's Demise

**NEW!** JUMPY

MICRO-PINBALL

BLACKHOLE

NEVER BEFORE!! New double excitement in cartridge from the thrill masters who wrote Parsec, Munchman, TI-Invasers and Car Wars!!

BARRAGE

The fiendish Draks are raining terrible acid-balls on the planet. With skill, strategy, fun and action! you control awesome firepower... This laser cannon environment is controller by one or two players. ***\$16.95 + S & H**

SPOT SHOT

No other game like it! You are a giant dragonfly. Your laser-like tongue and agility are more than a match for attacking insects... but you must fly over and around hedges to stay alive. ***\$16.95 + S & H**

BLACK HOLE

Listen... If you liked Parsec, you'll love Black Hole! Dynamic special effects put you in control of two spacecraft against the Black Hole Empire. One or two players. (Joysticks required.) ***\$16.95 + S & H**

MICRO-PINBALL

SPY'S DEMISE

Plug in nine screens of adventure and foreign intrigue with this new cartridge arcade adventure game.

Requires console; joysticks optional. ***\$16.95 + S & H**

(c)1993 CSI Design Group

JUMPY

An arcade quality game that gets the jump on QBERT.™ Purple and black monsters join forces in a relentless chase to catch you. But they don't know that you can jump! Double jumps and real speed are fun parts of this ingenious game. ***\$16.95 + S & H**

1983 SOFMACHINE, INC. QBERT is a trademark of EPYX, Inc.

Four Star Classic JUNKMAN JR.

The year... 2487 A.D. The place... Aging planet Earth in the dying city of Burrwin, Illinois. You are collecting pollution for transport to an outer space junkyard. But you must listen for vicious micro-dogs. Only your agility will save you! Entertains with lively music, spritely action, imaginative graphics and sound. From DataBioTics. (Joysticks recommended.) ***\$16.95 + S & H**

Science Fiction Thriller STAR RUNNER

You are a captive, aboard the starship Arcturus, laden with plundered treasure taken from your planet.

Your mission... recover the stolen booty stored on all 25 decks of the starship, one deck at a time. Your only weapons are blinding speed and your blaster.

Music, sound effects and colorful visual cues combine to make Star Runner the best entertainment value ever for your 99/4A. From DataBioTics. (Joysticks recommended.) ***\$16.95 + S & H**

NEW NEW NEW MICRO PINBALL on MODULE: TEX-COMP has offered this outstanding arcade program on disk but now for the first time it is available on module. This fantastic program simulates a pin ball game complete with flippers, flashing lights and ringing bells. The action is fast, fierce and super realistic. The ball on the screen behaves just like a real pinball.....***\$16.95 +s&h**

Software

SPECIAL

"THE MAGNIFICENT THREE"

Three spectacular software cartridges just in time for back-to-school giving.

ALL 3 for ONLY \$17⁹⁵

\$9.95 each
if purchased separately

Story Machine

Helps children write sentences, paragraphs, even simple stories while learning the parts of speech

SPYNAKER™
No more boring fun.

**Special
Bonus
Price**

Burger Time

One of the hottest arcade games in its original razzle-dazzle format. Your chef, Peter Pepper, is surrounded by pickles and hot dogs. Dodge 'em, pepper 'em, lead 'em down ladders and onto a bun before they make you the main course

Facemaker

Creative fun for children ages 5 to 7. Provides very simple introduction to programming and familiarity with keyboard

**All Three
For Only
\$17.95**

- Dare • Maneuver • Trap
- Race • Escape • Jump
- Spring • Float • Destroy

MOONSWEeper™

Alert, alert! As pilot of the USS Moonsweeper, you must rescue miners, land while evading photon torches and satellites, defend your ship from space bullets and armed launchers. Then catch accelerator rings to pick up speed and escape! A 1-player game. (Wired Remote Controllers recommended.)

FATHOM™

Rescue Neptune's daughter. She's chained to a sunken ship, her father because his enemies have broken his magical Trident into three pieces. You travel the sky and the sea in search of the pieces, all the while fighting off obstacles to save her! (Speech Synthesizer and Wired Remote Controllers recommended.)

MICROSURGEON™

Advance from medical student to intern to brilliant surgeon in this fascinating fantasy: an operating room where you work against time to save critical patients. Choose from 1000 patients and a variety of diagnoses. (Speech Synthesizer and Wired Remote Controllers recommended.)

SUPER DEMON ATTACK™

Tentacled demons out of nightmares are blasting the moon. You destroy their attack waves by maneuvering and firing your laser cannon. Then dare to infiltrate their base! Two different battlefields, plus continuous play as you achieve higher levels of skill. A 1-player game. (Wired Remote Controllers recommended.)

\$9.95 Each

PARKER BROTHERS software cartridges for the TI-99/4A

Q*bert

Life isn't easy for Q*bert. He's got to stay one jump ahead of Coily the snake and all the other dastardly creatures. So spring into action and help Q*bert bounce from step to step on the colorful, three-dimensional pyramids.

\$19.95 postpaid

POPEYE

Come aboard, mates! Join in the adventures of Popeye as you race him through a crazy maze while Brutus and the Sea Hag do their best to keep him from winning the affection of his sweetheart—Olive Oyl.

\$19.95 postpaid

FROGGER

Frogger's first challenge is to cross a busy highway, reckless with hotrids and huge trucks. Beyond is the raging river, where the safety of a slippery log or diving turtle is all Frogger can count on to stay afloat.

\$19.95 postpaid

SPECIAL BONUS: All 3 for ONLY \$49.95 + S+H

MIDNIGHT MASON

THE TI-99/4A ANSWER TO GHOST CHASERS

A delightful chase through a maze of ladders and brick walls as you direct your mason in collecting his tools. Entertaining animation as the mason climbs, runs, builds, and breaks through brick walls in his attempt to avoid being devoured by not so friendly ghosts. Great arm flexing, leg pumping, pick swinging action. You will play for hours. Requires Extended Basic, 32K and disk drive.

\$14.95 Plus S&H

NEW

SPECIAL BONUS: Midnight Mason plus 3 additional high speed arcade games: Micro Pinball II, TI TOAD and Burger Builder.

All for ONLY \$19.95 Plus S&H

Each program can be ordered separately at \$14.95 each.

A NEW AND EXCITING SOFTWARE PACKAGE FOR THE TI-99/4A*

BETTER BANNERS took TEX-COMP'S great Banner 99 program and made it even better. All the great features of Banner 99 with 15 different graphic figures and the ability to make your own. Create your own banners, signs, and posters with any type of printer--dot matrix or daisy wheel.

This program produces professional results. Use this great program at home, business, school, club, and religious and fraternal organizations to create interest and excitement.

EXAMPLES OF BANNERS YOU CAN MAKE WITH **BETTER BANNERS!**

Use it to welcome, bid farewell, to announce sales, events... The all new graphics not found in Banner® 99 include a flag, dor, car and smiling face along with the heart, star and floppy disk.

Easy to follow instructions so you can start turning out beautiful banners. Just put in the disk, type out the message and the banner comes out of your printer.

BANNER GRAPHICS is an accessory disk for **BETTER BANNERS** with over 45 additional graphic figures. You Can also create and store your own.....\$14.95+s&h

SPECIAL OFFER FOR BANNER 99® OWNERS!!! If you have already purchased Banner 99, send in the original instructions with your **BETTER BANNERS** order and receive **BANNER GRAPHICS** free!!!

TEX-COMP

Software

Choose from our big selection of software for the Texas Instruments TI-99/4A Home Computer.

TEX★COMP proudly presents
the most outstanding arcade game ever written
for the TI-99/4A.

Championship Tennis lets you enjoy the excitement, action and thrills of a professional tennis match with complete control.

The graphic displays are all in dimensional perspective, which adds increased realism.

Thousands of this program have been sold throughout the world for other computers. Now, you can enjoy the ultimate action arcade game on your TI-99/4A.

EXTENDED BASIC

ONLY \$9⁹⁵

COMPLETE WITH DOCUMENTATION

A collection of bonus, unreleased TI arcade games are included. They may not be complete or documented, but you'll certainly have a ball with them!

TENNIS

TRIVIA 99

is a new trivia game written for the 99/4A and is available in both disk and cassette versions. The program comes with a set of sample trivia questions and the user can easily write custom questions from memory or from one of the many trivia games and magazines now available. Great for parties and even teaching the kids history. The disk version contains several additional features such as disk access and a record of which questions are used. Both versions will run in console basic so any system with just a cassette or disk can run this program. When ordering, be sure to specify **CASSETTE** or **DISK VERSION**.

Cassette Version—\$9.95

Disk Version—\$12.95 postpaid

TINY LOGO

Create colorful graphics with the Tiny LOGO turtle, and learn programming at the same time! Developed by a teacher who wanted an inexpensive way to teach the LOGO language, Tiny LOGO—like the more advanced versions—allows recursive programming, procedures calling procedures, and the passing of variables. No extra equipment is needed. Tiny LOGO runs with the TI-99/4A, a TV set, and a cassette recorder. A 32-page detailed instruction booklet with sample programs is included. Tiny LOGO—ages 4 through adult.

specify **CASSETTE** or **DISK VERSION**.

FLY YOUR 99/4A BACK IN TIME WITH

SPAD XIII Flight Simulator

NOW MARK 2!
Much faster, many new features,
including Red Baron adversary!

A Full-Featured Machine Language Flight Simulator for the TI 99/4A!

Fly your own classic World War I pursuit plane in Not-Polyoptics' new all machine language flight simulator. Set in wartime France, SPAD XIII Flight Simulator gives you all the realism of line graphic 3-D perspective, full acrobatic control of the plane, and the thrill of dogfights with intelligently maneuvered enemy planes. In full color, SPAD XIII at last brings the power of TMS 9900 machine language to flight simulation.

Features include:

- A full 48K program autoloaded from Extended BASIC
- An all-graphic world in color 3-D perspective
- Look up, down, left right, forward or back
- Flight simulation with algorithms for the physics of flight
- Continuous instrument readouts with graphic throttle and stick controls
- Joystick and/or keyboard input
- Scenery includes Eiffel tower, Seine, trenches, villages, more
- Engage enemy planes in fights to the death
- Observation balloons and enemy airfields protected by flak

Extended BASIC cartridge, disk drive, and 32K Extended Memory required.

\$24.95 +s&h.

BONUS: With each Spad XIII ordered, you receive a free copy of Games TI Plays and two disks filled with over 30 Games from this best selling book by Datamost...a \$40.00 retail value.

EXCITING NEW WAYS TO USE YOUR TI-99/4A COMPUTER

PRO TYPER

Ever wish you could type like a pro without the hassle of learning? This new cartridge from Data-Biotics demonstrates that you can become a "touch typer" at home and have fun too!

Requires console; joysticks optional. **\$19.95 + s&h**

TI WORKSHOP

At last a cartridge that helps you work with the TI-99/4A system. We call TI WORKSHOP a "program support environment." What it does for you is impressive.

\$47.95 + s&h

Requires disk system and 32K memory expansion.

TI Planner is a new electronic spreadsheet built into a module for convenience. Its calculator-like simplicity makes it easy to use. Best of all, because it is a module, all you need to run it is your TI-99/4A console.

TI PLANNER allows you to track income and expenses and prepare personal tax records with ease. Constructing your own professional looking forms, tables and charts for home, business and school is a snap using the 11 simple commands.

TI PLANNER expands its usefulness as you expand your system. A 864 cell spreadsheet enlarges to 2520 cells with 32K memory expansion. Load and save your records to cassette or disk; or get a hard copy on your printer. (optional).....**\$24.95+s&h**

TI PLANNER+: Same as above but with a built in parallel printer interface to connect direct to a parallel printer with no other interface needed. Comes with cable.....**\$44.95+s&h**

BRAND NEW AND AT LOW PRICES!

Not Just Another Memory Expansion THE SUPERSPACE II 32K MEMORY MODULE

Have you ever wished for a cartridge with all your favorite software? SuperSpace II gives you the power to create your own cartridge-based software. Load in your own assembly code, vacuum software out of other cartridges, or even save your favorite ROM cartridges to disk and run them at the touch of a single key! Design your own menu loader for up to 7 Assembly Language programs with this ingenious module, equipped with a battery to save your programs in memory for at least two years.

Included with the cartridge in this great package is a built-in Editor/Assembler GROM and a free Editor, Macro Assembler disks, and the SuperSpace II manual, plus *Introduction to Assembly Language* and another bonus book. To get you started, a menu and cartridge loader are provided, along with E/A utilities, GROM header templates, a bitmap graphics demo and a free "C" compiler. (Requires Disk System and Memory Expansion.) **\$59.95 + S & H**

THE SUPERSPACE 8K MEMORY MODULE

All the features of SuperSpace II but with 8K of memory. Does not include the books or "C" compiler.

\$34.95 + S & H

SUPER 4TH

Almost as fast as Assembly, but easier to learn. Super 4th supports speech and sound, multiple disk drives (including Hard Disk!). Comes with Decompiler and 109 page manual. Requires SuperSpace I or II and disk system.

\$17.95 + S & H

STARGAZER I, II & III

Bring a planetarium into your home! With STARGAZER I, II & III you get a full series all in one cartridge.

\$39.95+s&h

Requires console; joysticks optional.

Banner-99™, an all new software package that lets you create your own banners, signs and bumper stickers with any TI compatible printer—dot matrix or daisy wheel.

Examples of banners and signs you can make with Banner-99.™

This program requires a TI-99/4A with disk drive, 32K memory, Extended Basic and printer.

SPECIAL
ORDER BOTH ADVENTURE SETS ON
THESE TWO PAGES FOR ONLY
\$29.95 AND GET A FREE ADVENTURE
MODULE (reg. \$6.95) A \$13.00 SAVINGS!!
INCLUDES FREE HINT BOOK !!

ATTENTION TI OWNERS,

By special arrangement with Texas Instruments and Adventure International, TEX-COMP offers the entire 12-volume series of Scott Adams' Adventure for the TI-99/4A Home Computer at a special package price of only *Save* hundreds of dollars off the original suggested retail price. The Scott Adams Adventure Series, produced for every major brand of home and personal computer, is recognized as the leading name in adventure gaming.

You only need the TI-99/4A (or 99/4) console and a tape recorder or disk drive storage capability. Insert the TI Adventure Module* into the console and load the particular game

you want to play from cassette or disk. You are transported to another time and place where two-word commands allow you to manipulate objects and perform acts as if you were actually there. The object of each game varies as the games themselves do. It may take hours, days or even months. Like a good novel, you can lay it down and then continue where you left off. Save the game on cassette or disk and then recall it.

TEX-COMP makes TI adventuring inexpensive and exciting, and offers complete supporting products—TI Adventure Command Module, only \$6.95, and the Official Scott Adams Adventure Hint Book, only \$7.95.

*** BE SURE TO SPECIFY DISK OR CASSETTE WITH YOUR ORDER!**

THE ADVENTURES...

#1 ADVENTURELAND — Wander through an enchanted realm and try to uncover the 13 lost treasures. There are wild animals and magical beings to reckon with as well as many other perils and mysteries. This is the Adams Classic that started it all! Difficulty Level: Moderate

#2 PIRATE ADVENTURE — Only by exploring this strange island will you be able to uncover the clues necessary to lead you to your elusive goal — recovering the lost treasures of Long John Silver. Difficulty Level: Beginner

#3 ADVENTURE #3 — In this exciting Adventure, time is of the essence as you race the clock to complete your mission in time — or else the world's first automated nuclear reactor is doomed! If you survive this challenging mission, consider yourself a true Adventurer! Difficulty Level: Advanced

#4 VODOO CASTLE — The Count has fallen victim to a fiendish curse placed on him by his enemies. There he lies, with you his only possible hope. Will you pull off a rescue, or is he really down for the Count? Difficulty Level: Moderate

#5 THE COUNTRY — It begins when you awake in a large brass bed in a castle somewhere in Transylvania. Who are you, what are you doing here and WHY did the postman deliver a bottle of blood? Difficulty Level: Moderate

#6 STRANGE ODYSSEY — At the galaxy's rim, there are rewards aplenty to be harvested from a long-dead alien civilization, including fabulous treasures and advanced technologies far beyond human ken! Prepare yourself for the incredible! Difficulty Level: Moderate

#7 THE MYSTERY FUN HOUSE — As Adventure #7 begins, you find

yourself hopelessly lost in the middle of a carnival fun house. While escape may elude you, one thing is very clear — you're NOT here to have a good time! Difficulty Level: Moderate

#8 PYRAMID OF DOOM — This is an Adventure that will transport you to a dangerous land of crumbling ruins and trackless desert wastes into the PYRAMID OF DOOM! Jewels, gold — it's all here for the plundering — IF you can find the way. Difficulty Level: Moderate

#9 GHOST TOWN — You must explore a once-thriving mining town in search of the 13 hidden treasures. With everything from rattlesnakes to runaway horses, it sure ain't going to be easy! Includes a special bonus scoring system too! Difficulty Level: Advanced

#10 SAVAGE ISLAND PART I — A small island holds an awesome secret — will you be able to discover it? This is the beginning of a two-part Adventure (The story continues in SAVAGE ISLAND PART 2 ADVENTURE #11.) NOTE: This one's a toughie — for experienced Adventurers only! Difficulty Level: Advanced

#11 SAVAGE ISLAND PART II — The suspense begun in Adventure #10 now comes to an incredible conclusion with SAVAGE ISLAND PART II! This Adventure requires you to have successfully finished #10, wherein you were given the secret password to begin this final half. NOTE: For experienced Adventurers only! Difficulty Level: Advanced

#12 GOLDEN VOYAGE — The king lies near death in the royal palace. You have only three days to bring back the elixir needed to rejuvenate him. Journey through the lands of magic fountains, sacred temples, stormy seas and gold, gold, GOLD! This one is for experienced Adventurers only! Difficulty Level: Advanced

ADVENTURE HINT BOOK

Our hint book provides clues and solutions to help you out of those sticky spots you have gotten into while still enabling you to solve the Adventure yourself. So if you can't seem to get out of the bog, or locate the Pharaoh's heart, then you've come to the right place for help. This edition includes hints for all SCOTT ADAMS Adventures 1-14. There is also a special section on the making of Adventure Maps. For those that just want answers, there is a solution section, too. But don't worry. All clues and solutions are specially encoded so that the only time you can get a clue or answer is when you want one. Also includes hints for Spiderman, Hulk, and Buckaroo Bonzai.

AND THE HINT BOOK FOR THESE NEW
SCOTT ADAMS ADVENTURES

\$17.95 + S&H

By special arrangement with Adventure International, Tex-Comp offers four all new adventures for the TI-99/4A.

These new adventures from Scott Adams, the leading name in adventure gaming, which are already bestsellers on other popular computers, require only cassette or disk storage capability and a TI Adventure Module.

**SPECIFY DISK OR CASSETTE
WITH YOUR ORDER!**

HULK

\$ 9.95

Recommended by educators around the world, and Adventure allows you to move through a wondrous electronic world by entering English commands. In the HULK™ you actually control the intellect of Bruce Banner and the savage might of "Jade-Jaws" himself, the HULK™. Your objective is two-fold: to survive and ... to unlock the riddle of the Chief Examiner! **\$19.95**

CLAYMORGUE CASTLE

\$ 9.95

"Claymorgue castle harbors spells," warns Solon, the Master Wizard. "But beware—one unskilled in the magical arts cannot predict their outcome." An incredible new Adventure from the Master himself, Scott Adams.

BUCKAROO BANZAI

\$ 9.95

In the adventure of BUCKAROO BANZAI™, you, as Buckaroo, must disarm the doomsday bomb, that has been left on earth by the evil Lectroids. This bomb is of complex design and operation and will destroy the world unless Buckaroo can find it.

SPIDER-MAN

\$ 9.95

Much more than an arcade game and recommended by educators around the world, you move through a wondrous electronic world by entering English commands. In the Spider-Man™ Adventure you must prove to the Chief Examiner™ that you can utilize the powers of Spider-Man™. Your objective is two-fold: to unlock the riddle of the Chief Examiner™ and ... to survive!

**NOW WRITE AND EDIT YOUR OWN GAMES
FOR THE TI ADVENTURE MODULE!**

TEX-COMP is proud to announce the 99/4A Adventure Editor—an all new program which allows you to write your own adventure programs—Scott Adams move over! This disk or cassette based program allows:

1. Any existing adventure for the 'Adventure' command module to be edited, altered, listed, and copied from any storage medium to any other storage medium (i.e., tape to disk or vice versa).
2. New adventure games can be created freely, using a 'template' game as a start-up step. These games can be conceived using the full power and capabilities of the TI 'Adventure' command module.

The program is written for 'Mini-Memory' or 'Editor-Assembler' command modules (cassette or disk) and offers a full screen editor and a special easy-to-use, mnemonic language called A.P.L. (Adventure Programming Language), and comes with a complete and detailed 75-page manual.

from
ADVENTURE INTERNATIONAL
&
SCOTT ADAMS
The Creators of the
TI Adventure Series

Enter the Intriguing world of high finance where even the sturdiest of corporate empires can dissolve as quickly as they're built. **AIRLINE** is a no-holds-barred strategy game. The object is to construct a sizable empire while competing against human and/or computerized opponents. Players purchase landing rights from any one of 36 major U.S. cities, buy planes and then station them on routes that will maximize their revenue from fares. And unlike many strategy games, the outcome of **AIRLINE** is solely determined by your playing skills.

Specify cassette or disk. TI Extended Basic required for both versions.

TRAK-A-CHECK

A program for home or small business finances: with features not found in any other check program.

FEATURES

Screen prompted entries. 36 Budget categories. Display current balance. Reconcile Bank Statement. Locate Specific transactions. Print transaction or category totals—with optional printer.

EXER-LOG

Never before Available for the TI99/4A. Written by an M.D., **Exer-Log** calculates how far you must run after those extra cookies.

FEATURES

Calculates calories burned for 40 exercises ranging from sleeping to marathon running. Stores and retrieves up to 5 activities per day for an entire year. Recall and display activities for a given date or interval.

DAILY DIARY

Imagine scheduling a whole years' activities. **Daily Diary** will be your efficient side and let your mind play.

FEATURES

Store and retrieve up to 10 hourly appointments for an entire year. Special daily memo slot for birthdays and anniversaries. Print out single day appointments for a full months' calendar with optional printer.

Now Available from TEX-COMP at the Incredible Price of \$14.95 each
All Programs require Extended Basic, Disk Drive: Printer Optional

VIDEO STORE for the TI-99/4A

This program is a complete video tape library system (VTLS) to help a video tape rental store or department control tape rentals and returns. With VTLS and a fully equipped TI-99/4A computer, a store clerk can quickly determine if a tape is in stock, and if not, when it is expected back. Printed reports can be run by category and title to track which titles are getting rented most often, or which tapes are overdue. This program uses the full power and capability of the TI-99/4A. It can store up to 1200 different titles and 3000 separate tapes with up to 5 VHS and 5 Beta tapes per title. The system requires 32K Memory expansion, **3 Disk Drives**, and an Epson or Gemini10X compatible printer. The program runs on Extended Basic, comes fully documented with a six chapter instruction manual, and three disks with sample titles already keyed in. The program can be easily modified for other types of rental or similar businesses. **NEW LOW PRICE** **\$19.95**

YU-CAN BUSINESS

NEW LOWER PRICE \$14.95 + s&h Comes with all 3 for one low price!

A complete system for small businesses that do not need the full capabilities of TI-COUNT.

Perfect for home businesses, charitable and fraternal organizations and distributorships (i.e., Amway, Shaklee, Avon, etc.).

Inventory Control—This program enables you to keep track of up to 1,000 items. Once stored on disk, items can be located by record number, stock number or description, and then displayed or printed out for your review. When used with the Order Entry and Invoicing program, Inventory Control will automatically print out a back order report on your invoice.

Order Entry & Invoicing—The Point of Sale subprogram will generate a printed invoice for you immediately after entering all order and customer data, or use the Batch Entry option when you require a permanent disk record or your invoices. You can select either option or switch from one to the other for cash or credit sales. Either option will work with the Inventory Control program to keep your inventory up to date and automatically print out back-ordered items on your invoices.

Mail List—This program stores up to 1,000 names and addresses. Adding, deleting, or changing listings is a simple task, and you can design your own format for printing labels. You can also search lists and generate labels and/or reports from any one of the different fields. This program will work with Order Entry & Invoicing to update your list when billing out to new customers. Requires Extended Basic, 32K Memory Expansion and disk drive.

SELF HELP TAX CUT: An all new tax-record keeping program which uses a joystick as a "mouse" to select various categories. This is a high powered program with all the latest features including "icons" (mini-illustrations). Requires 32K, Disk Drive and Extended Basic. ..**\$9.95.**

Software SMALL BUSINESS SOFTWARE.

TI-COUNT For the Texas Instruments Home Computer ... can help you do business a whole new way.

TI-COUNT is a complete professional accounting system for the TI-99/4A. Developed by Pike Creek Software, it is the only system to be recommended and endorsed for the 99/4A by TI. This system has all the features of systems costing up to thousands of dollars and many TEX-COMP customers are already running small to medium size businesses on this system. The TI-COUNT system comes in six separate packages and you only have to purchase those packages you need for your particular application. All packages can be used separately except accounts receivable and accounts payable which require the General Ledger package. Pike Creek completely supports this system and even sample forms are provided that you can have printed locally or purchase from Pike Creek. A background in accounting or bookkeeping is recommended to use this system. Requires 32K Memory Expansion, Disk Drive, Extended Basic, and a printer.

GENERAL LEDGER

Pre-programmed for fast start-up in small businesses. Monitors up to 650 accounts. Operates 5 journals: purchases, sales, receipts, payments, general entries. Updates daily ... provides interim statements ... prints closing adjusted and unadjusted balances, summaries, statements and changes. Uses easy-to-follow familiar debit/credit double entry bookkeeping system.

ACCOUNTS RECEIVABLE

Keeps up to 200 customer ledger accounts on 1 disk ... with ID data, cumulative payment, open invoices. Edits, verifies, prints invoices instantly ... lists receivables in customer accounts. Produces aging summary, billing statements weekly or monthly. Guides user through every task step-by-clear-step. (Requires General Ledger.)

SPECIAL SAVINGS! ACCOUNTS PAYABLE

Keeps up to 200 vendor ledger accounts on 1 disk ... with ID data, terms of sale, cumulative payment, open invoices. Scans bills for errors, immediately prints and files. User controls automatic check-writing and system: pay by age, code, invoice, or specified amount. Produces vendor file list, check register, copy of purchase journal entry. (Requires General Ledger.)

INVENTORY

Keeps you instantly abreast of sales, returns, purchases, state of stock. Stores up to 700 items in 4 departments on 1 disk ... with ID data, vendor, stock, on-order, back-order, re-order, cost, list and selling price, current value for each item. You select periodic or perpetual report basis. Prints labels, invoice forms, computes sales tax and freight. Operates independently or with General Ledger.

PAYROLL

Automatically provides payroll checks and stubs ... on your choice of weekly, biweekly, semimonthly, monthly basis, plus W-2 forms yearly. Computes 4 withholding taxes per employee ... 8 different deductions for each ... commissions, bonuses, tips, overtime. Keeps up to 100 employee files on 1 disk. Automatically locks for security after payroll is printed. Operates independently or with

MAIL SYSTEM

Change, move, and merge mail files. Add, correct or delete individual names and addresses, sort names and zip codes ... print mailing labels ... with automatic reports for each mail file and disk. System also edits and prints letters, labels, cards. Totals active and inactive names, specified search fields, last names, number of names in each state. Operates independently or with Accounts Payable and Receivable Systems to mail to customers/vendors. NEWLY UPDATED FOR BOTH U.S. AND CANADIAN MAIL SYSTEMS.

The Oscar™ Software Library

Software

NEW

These 28 Outstanding Programs
Never Before Available
on Cassette or Disk

SPECIAL

**A complete home and family software library for the
TI-99/4A for ONLY \$12.95 (less than 50¢ per program).**

In 1983, the DataBar Corporation developed an extensive TI Software library which they planned to distribute in bar code form in a monthly magazine which the subscribers could then load into their computer with the "Oscar," a compact bar code reader.

Due to changes in market conditions, DataBar has discontinued its home computer division and Tex-Comp has bought out their entire library of TI-99/4A Software on disk & cassette.

Tex-Comp now makes this extensive library of over 28 assorted programs with complete printed instructions and documentation available on cassette or disk (PLEASE SPECIFY) at only \$12.95.

These professionally prepared programs include education, entertainment, personal enrichment, first aid, finance and law.

TITLES INCLUDE:

Match—Find the pairs of numbers hidden behind the computer's doors.

Four-In-A-Row—Be the first to make a row of four.

Pachisi—A race to the finish line.

ROI—Return On Investment

Loan Amortization—How much principal and interest will you pay on a loan?

Speller—A Spelling and Typing Tutor . . . and a game of memory.

Alphabet House—Build your own house with your alphabet skills.

Running Planner—How rapidly should you increase the distances you run?

Word Habits—Keep reading and writing habits up with current demands.

Amulet—Search the cavernous building to find the precious Amulet

Caterpillar Climb—Solve addition problems to move your caterpillar over the wall.

Financial Quiz—Check the pulse of your pocketbook.

IRR—Internal Rate of Return

Math Challenge 1—Pit your mathematical skills against the computer or a friend.

Star Count—Use logic skills to spring open a box of shining stars.

Health Assessment—How are your current health practices affecting your life expectancy?

The Law and You—A look at how laws affect your daily activities.

Speedreading—Train your eyes to take in more words per second.

Code Master—Discover the secret code.

Room to Move—Unscramble the letters with wise moves.

NPV—Net Profit Value

Payback Period—Payback Period

Balloon Darts—Build your skills with fractions as you aim and fire your dart.

States 'N Capitals—Can you name more capital cities than your opponent?

First Aid—Burns—How should you react in an emergency burn situation?

Triangle Solutions—This makes math friendly for your practical applications.

Sentence Tutor—Practice breaking down sentences into their essential elements.

Program in Basic—Eases the chore of learning to program.

Attention Hobbyists & Gadget Lovers: Tex-Comp has a limited supply of brand new Oscar DataBar readers in factory-sealed cartons (complete with cable for the TI-99/4A) & packs of assorted bar code software. Complete package, No Warranties, **ONLY \$9.95** when purchased together with the above offer—Cannot be purchased separately.

JOTTO

An educational game that builds vocabulary, develops the ability to analyze patterns, and promotes logical thinking. There are three levels of play, and Jotto is suitable for ages 8 through adult.

specify **CASSETTE** or **DISK** VERSION.

\$7.95

By special arrangements with Texas Instruments, Tex-Comp proudly introduces **Speak & Spell II**—the award-winning TI Educational Spelling program, now re-programmed to run on Extended Basic (available on disk only). Requires 32K Expansion, Extended Basic, Disk Drive and Speech Synthesizer.

SPEAK & SPELL II

\$9.95

Speak & Spell offers many features. Children can hear a word pronounced correctly as they learn to recognize and spell it. Five activities provide valuable tools to make learning fun. "Spell" pronounces a word and asks the child to type the correct spelling. "Mystery Word" selects a word and the child tries to guess it by spelling it correctly. "Say it" prompts a child to say a word and then spell it. "Secret Code" codes a word so that no one can read it until the coded word is entered and decoded by the computer. These and other exercises will help children become more at ease with the spelling of different words.

Joysticks

NEW
RATED #1

SUPER JOYSTICK III for the TI-99/4A

The World's First High Performance Joystick

- The only joystick actually designed to fit in the palm of your hand.
- Trigger finger firing for faster, more accurate shooting.
- Tactile response switches on top for faster, more precise movements.
- Microswitches guaranteed for ten million uses.

\$24.95 + S&H includes 2-unit
adapter (reg. \$10.95)
**ONLY \$14.95 IF YOU ALREADY
HAVE THE ADAPTER**

SUPER JOYSTICK III

IT ISN'T EASY, FOLLOWING IN OUR OWN FOOTSTEPS. IN 1981 WE RECOGNIZED THAT THE ORIGINAL TI JOYSTICKS LEFT SOMETHING TO BE DESIRED ON HIGH SPEED AND MAZE TYPE GAMES SO WE INTRODUCED AN ADAPTER TO USE THE MORE RUGGED ATARI TYPE JOYSTICK WITH THE 99/4A. IN 1982 AT THE TI FEST IN SAN FRANCISCO, WE INTRODUCED OUR SUPER JOYSTICK I WITH IMPROVED CONTACTS AND ACTION. IN 1983 WE INTRODUCED THE SUPER JOYSTICK II WITH A SELECTABLE 4/8 WAY ACTION TO ELIMINATE ERRORS IN HIGH SPEED MAZE TYPE GAMES.

NOW IN 1987 WE ARE PROUD TO INTRODUCE THE FINEST JOYSTICK EVER AVAILABLE FOR THE TI-99/4A. OUR SUPER JOYSTICK III WHICH USES A PRECISION MICROSWITCH MOVEMENT SO THAT THE CURSOR (OR GAME FIGURE) GOES EXACTLY WHERE YOU WANT IT TO GO WITH SPEED AND ACCURACY. IN FACT, IT IS SO ACCURATE, THAT THE NEED FOR SWITCHING FROM 4-WAY TO 8-WAY IS ELIMINATED. THIS NEW JOYSTICK IS MADE IN ENGLAND AND IMPORTED BY EPYX WHICH OFFERS A 5 YEAR NO STRINGS (OR CHARGE) WARRANTY ON THIS FANTASTIC UNIT.

WE TURNED LOCAL USER GROUP MEMBERS LOOSE WITH SAMPLES OF THIS NEW JOYSTICK AND THE REVIEWS WERE OUTSTANDING. ONE USER RAISED HIS ALL TIME MUNCHMAN SCORE ON THE FIRST TRY. ANOTHER FOUND THE PRECISION MOVEMENT BETTER FOR CREATING GRAPHICS WITH HER GRAPHX AND TI ARTIST PROGRAMS THAN WHEN USING A TRACBALL.

THE INTRODUCTORY PRICE OF THIS NEW JOYSTICK IS ONLY \$24.95 which includes a special "Y" adapter. If you already have a TI Joystick adapter, the price is only \$14.95 each, A SAVINGS OF \$5 OFF THE SUGGESTED RETAIL OF \$19.95 (less adapter)

ORDER NOW AND BE PREPARED TO SET NEW HIGHS IN YOUR GAME SCORES AND GRAPHIC CREATIONS.....

SPECIAL —
JOYSTICK ADAPTER — Allows two Atari
wired Joy Sticks to be used with 99/4 or
99/4A. **\$10.95** post paid

TEX-COMP PRESENTS PC Computing Power For Your TI-99/4A!

EXPAND YOUR TI-99/4A HOME COMPUTER WITH CorComp's NEW EXPANSION CARD THE 512K MEMORY PLUS!

Appearance of
production model
may vary

Now, CorComp, the number 1 name for quality, performance and compatibility in peripherals for the TI-99/4A, has introduced an all new 512K Memory expansion card for the TI Peripheral Expansion Box. This all new card will replace the original 32K expansion card and provides the on-line memory you need for special applications such as, Data Base, RAM Disk and Software development.

Some of the features include:

1. Multi-disk selectability RAM disk capability.
2. External power supply, for retaining 256 or 512K memory when system is shut down.
3. A whole new line of fully compatible software packages to make full use of the power of this exciting product including a Data Base Manager, Word Processor and Spread Sheet.

FREE "SUPER DUMP" Screen Printout Software

(by Danny Michael)

with purchase of the NEW CorComp
LOAD/INTERRUPT SWITCH

CORCOMP LOAD INTERRUPT SWITCH

\$19.95
postpaid

Print the screen of a Basic or Extended Basic program at the press of a function key. Also print the screen of many modules, including Music Maker, Tax Investment Record Keeping, Personal Real Estate, etc.

No need to worry about not having a serial printer for the older TI modules. This new plug-in Load/Interrupt Switch easily inserts between the console and the speech synthesizer or P-Box. Requires 32K, Disk Drive, Extended Basic. Works only with Epson, Star and other dot matrix **fully** Epson compatible printers.

NOTE: A ProWriter version of Super Dump is also available (must specify with order).

INTRODUCING

The Real TI/IBM Connection

THE ULTIMATE SOLUTION TO TI-99/4A COMPATIBILITY!!!

AT LAST! AN EASY TO USE PROGRAM THAT LETS YOUR TI-99/4A TALK TO YOUR IBM PC. THIS AMAZING SOFTWARE PROGRAM ON MODULE FROM CORCOMP ALLOWS YOU TO TRANSFER TEXT FILES FROM IBM TO TI OR VISA VERSA. IMAGINE TAKING YOUR TI WRITER FILE TO WORK AND EDITING IT AND PRINTING IT ON THE IBM PC SYSTEM. REQUIRES A CORCOMP CONTROLLER CARD OR 9900 SYSTEM AND TWO DS/DD DRIVES.

FEATURES: Rename & Delete any file on the IBM or TI Disk, Copy any ASCII text file from IBM disk to TI disk, Copy VAR 80 files from TI disk to IBM disk, Complete documentation.
ONLY \$49.95 +s&h. Deduct \$10 if ordered with a CORCOMP Disk Controller or 9900 sys.

Hardware Modems

There's a world of information out there and it's all at your fingertips.

With your TI-99/4A and a modem, the world is now yours. There are hundreds of numbers you can call and access every type of information and service you can imagine. News, stock prices, airline schedules, legal and medical data and real estate listings are just a few of the offerings available. Thousands of programs for the TI-99/4A are available on leading national boards that you can subscribe to at a nominal rate. Many local boards are free and a number of user groups run their own boards. To enter this world of computer tele-communications you need your TI-99/4A, a modem, terminal software and of course a telephone line. All modems connect to the TI-99/4A through a RS232 interface which can be part of your expansion system or a stand alone as shown elsewhere in this catalog. The software is available on module or disk. With the TE-II module you can enter the world of modems and computer/telecommunications without even a disk drive or memory expansion. If you want to actually make a permanent record of what you receive and print it out, you will need a disk system and printer.. The fact is that you can do it at a low entry price with your TI-99/4A and upgrade later. Originally all modems for home computers operated at 300 Baud which is the speed the data moves through the wires. Newer (and more expensive) modems now operate at 1200 Baud and greater which not only gets the data delivered faster but saves on services that charge by time used.

VOLKSMODEM

The Complete Low-Cost Plug-In Modem.

\$39.95

It puts computer-to-computer communications within easy reach of every personal computer owner.

Just plug Volksmodem between any wall phone jack and telephone and put your computer into instant communication with thousands of others. It's that easy. No extra parts or tools are necessary—just one adapter cable and software is all that's needed.

MONEY SAVING SPECIAL. Get the Volksmodem (reg. \$59.95), 99/4A modem cable (reg. \$12.95), and Terminal Emulator II (reg. \$9.95) an \$80+ value for **ONLY \$39.95.**

X-10[®] POWERHOUSE[™]

KEEP YOUR HOME AND FAMILY SAFE AND SECURE WITH THE

Computer Interface for the TI-99/4A!

Now, turn your lights on or off, your TV, stereo, appliances—automatically, by remote control that has been programmed with your TI-99/4A. Just connect the new X-10 Powerhouse controller/interface to your 99/4A console with the special TI cable. The controller can then be programmed using the CorComp X-10 software module to operate the X-10 modules at any predetermined time sequence or schedule. The X-10 Powerhouse can then be disconnected from your computer and used as a stand alone controller for your entire home or business. It contains a real time clock, a battery backup and 8 separate manual controls.

With the X-10 Powerhouse system and your TI-99/4A, you have complete control!

Once your X-10 Powerhouse is programmed, you can operate your lights and appliances automatically (or manually), all without any special wiring since only existing home wiring is used. **No memory expansion or disk or cassette storage is required!**

Print T-Shirts With Your Computer!

Design custom color T-shirts. Great for teams, parties, gifts, personalized clothing and much, much more.

Now TI-99/4A users can design and print their own T-shirts with a special ribbon, color pen set and their printer. Tex-Comp now offers a ribbon and pen kit with special heat activated ink which allows you to transfer printed text or graphics onto a T-shirt or other fabric for a long lasting washable image. To create the image with words, you must use a TI graphics program such as GRAPHX which has a flip feature to create a mirror image. Paint N' Print also has a mirror feature. A reverse image is not necessary for graphics without words. The image is first printed in black on paper with the special thermal ink ribbon and then hand colored with the special pens (optional). The image can then be transferred to the T-shirt with an iron. The results are great and step by step instructions are included. The special heat transfer ribbon and 5 colored pens are \$19.95 for Okidata and Star Gemini and SG-10 printers, and \$24.95 for Epson (TI) and Star NX-10 printers. (specify printer model with order), up to 100 transfers can be made from one set depending on size and density of graphics.

Accessories Disks

Premium Diskettes

•Highest •Lowest
Quality Prices

A brief word of explanation about disks to answer many of the inquiries we receive. The disk drives originally sold by TI were Single Sided, Single Density. (SS/SD). To increase the capacity of disks used on a SS/SD drive, extra notches and holes can be put in a standard SS disk and make it a "floppy" which means it has data on both sides but must be turned over to access the opposite side. Many TI users have upgraded their systems and installed Double Sided, Double Density full or 1/2 height drives. These drives will hold up to four times as much data as a SS/SD drive but must use better grade of disks called DS/DD. The TI Disk controller card will support a double sided drive but not double density. For both double sided and double density you will need a disk controller card such as the CorComp 9900 which supports up to 4 DS/DD drives. Originally all SS disks were rejected DS disks that had only one good side. As production quality increased there were less and less rejects and therefore most quality brand SS and DS disks were in fact the same. As many of you know, the cost of disks has come down in recent times to a fraction of what they sold for when the TI-99/4A was first introduced. Unfortunately, much of the low priced disks are off brand poor quality product with many errors or with rough surfaces that can actually damage your drives. TEX-COMP only buys name brand disks but in such large quantities so as to get special pricing since we also buy them in bulk for our own software publishing requirements. For this reason, we can pass the savings on to you and give you the best disks at the best prices.

Includes: Sleeves, write protect tabs, reinforced hub ring.

Introduction to Assembly Language for the TI Home Computer

by Ralph Molesworth

INTRODUCTION TO ASSEMBLY LANGUAGE FOR THE TI HOME COMPUTER by Ralph Molesworth

This new book is a tutorial for the beginner wanting to learn TMS9900 Assembly Language. Assembly language unlocks the power of the TI Home Computer, allowing the users to write programs that run faster and more efficiently than programs written in high-level languages like BASIC. This is a step-by-step instructional text for the person who is familiar with TI BASIC but cannot understand the TI Editor/Assembler manual. There are program examples included that may be used by those with Editor/Assembler or Mini-Memory. Whether you wish to begin writing complete assembly language programs, short assembly routines, or if you just wish to have a better understanding of how your home computer works, you will get the knowledge you need from this easy-to-read guide. Edited by Steve Davis. **SPECIAL \$9.95**

Programs for the TI Home Computer

by Steve Davis

Fifty unique programs in TI BASIC and TI Extended BASIC are presented in an easy-to-read format, ready for the user to type in and use. Most of the programs are listed in TI BASIC and may be used with just the computer console and a cassette recorder, while others take advantage of the special capabilities of optional TI modules and peripheral equipment, such as TI Extended BASIC, Mini-Memory, Terminal Emulator II, the TI Speech Synthesizer, a printer or the disk system. A wide variety of programs for home applications are featured, including games and entertainment, educational programs, programming aids and more. Best of all, this volume offers programs that highlight the many unique features of the TI Home Computer, such as color, graphics, music, sound or speech. Beginners and experienced TI Home Computer users alike will find this collection to be an entertaining and useful addition to their program library. **SPECIAL NEW LOW PRICE.....\$9.95**

TEX+COMP™

Message from Tex-Comp

Dear TI-99/4A User:

This catalog, our largest ever, marks our ninth year of supporting the TI-99/4A user with the best selection of products at the lowest possible prices. We were founded in 1980 as a group of TI-99/4A users who recognized the need for a single source for TI-99/4A hardware, software and accessories.

We continue to develop and seek out new products for the TI-99/4A and this new catalog includes many products that are offered for the first time. New releases such as Certificate 99 and great values such as the entire TI Count Business Software package at \$99.95 make owning and using the TI-99/4A more exciting than ever.

Many of our customers have been with us for many years and are located around the globe and we greatly appreciate their continued support. In addition, our sales of consoles and beginning level products indicate that there are many people just now discovering what a great value the TI-99/4A is.

We also want to make you aware of the leading TI-99/4A monthly magazine...MICROpendium which covers the TI-99/4A and related products exclusively. We strongly urge our customers to subscribe to this magazine to stay abreast of what is taking place in the TI-99/4A world. All of our new products that come out between our catalog printings appear in our advertisements in this magazine. For subscription information write P.O.Box 1343, Round Rock, Texas 78680

We continue to take our responsibility of being the largest and oldest exclusively TI-99/4A supplier in the world very seriously and you can be assured that we will continue to offer the selection, service and low prices that our customers have come to expect from us.

Sincerely,

Tex-Comp

P.S. When you are in the Los Angeles area, be sure to visit our warehouse outlet store where the items in this catalog can be purchased. Directions and hours of operation appear in the back of this catalog.

Ordering Instructions

TEX-COMP is the largest independent TI-99/4A retailer in the world. TEX-COMP has been serving 99/4A users in the United States, Canada and in over 30 foreign countries since the introduction of this powerful microcomputer in late 1979. TEX-COMP has continued to search out the finest products available for the TI-99/4A and offers them to you at the lowest possible prices.

Two convenient ways to order:

1. Order By Mail. Use the convenient order form on the next page. Complete information including exact title, version (i.e., disk or cassette) will eliminate delays in processing your order. Always provide a street address since we use UPS whenever possible and they do not deliver to P.O. Boxes.

2. Order By Telephone. Tex-Comp maintains a modern 24-hour electronic order service which is in use whenever our operators are busy and after normal business hours. Tex-Comp receives over 400 calls each day, so we must rely on this system to keep costs down, which we pass on to our customers. When ordering, provide your name, shipping address including zip code, and an evening phone number where we can reach you in the event of a question on your order. Next state your credit card number and expiration date. Finally, give us each item you wish to order exactly as it appears in the catalog. We process all orders within 24 hours.

Visa and MasterCard. For added convenience you may charge your mail or telephone order. Complete all information required on our order form or telephone order system. We can only ship to the address of the card holder.

All prices in this catalog reflect a 3% discount for cash or approved check. Add 3% if using a credit card as this is what the banks charge us to use this service.

Prices. Due to market factors, prices and availability are subject to change without notice. You will always be billed at the lowest prevailing price. We reserve the right to correct typographical errors. All products are subject to prior sale.

ORDER BY PHONE

**Charge-It On Your
Visa or MasterCard**

(818) 366-6631

**ORDER BY PHONE
24 HOURS A DAY
7 Days a Week!**

It's Fast & Easy to Order by Phone. Here's How.

1. Please write your order on the order form included in this catalog. This will enable us to handle your order faster.
2. This is the information we will need to fill your order.
 - a. Your name, complete street address including zip code.
 - b. Your credit card number and expiration date.
 - c. An evening telephone number where we can reach you.
 - d. A complete description of each item you are ordering.
 - e. Any special offers you are taking advantage of (these must be requested at the time of order).
3. That's all there is to it. Our trained order taker or electronic system during peak hours and after business hours will rush your order into our computerized processing for prompt shipment.

Sales Tax. We will add sales tax on all shipments to a California address as required by law.

Damages. All Tex-Comp orders are shipped insured. If a package arrives in damaged condition, be sure to notify the carrier and advise us so a claim can be filed. Keep the shipping carton and products intact until the claim is resolved.

NOTE: Tex-Comp ships thousands of packages each year to almost every country in the world and we have almost a 100% record of merchandise being received as ordered in good condition.

Shipping Charges. See the order form for proper shipping charges. Many items in this catalog are postpaid when surface UPS is used. We must charge additional for shipments out of the continental US due to the additional costs and paper work. The charges we impose reflect our actual cost of this processing.

Returns. Absolutely no returns will be accepted without prior written authorization. TI requires that all TI products be returned directly to its warranty centers for adjustment. Any shortage in an order must be reported in writing within 10 days of receipt.

TEX-COMP PRESENTS

BACK BY POPULAR DEMAND For Disk Users

10 **FREE** premium-grade certified Disks
When you buy the HEAD Disk Drive Cleaning Kit (Reg. \$15.95)
and the genuine Flip-N-File/50 Disk Storage Case (Reg. \$14.95)
at the **SPECIAL COMBINED PACKAGE PRICE**
of only **\$19.95** plus S&H (a \$45.00 Value).

HEAD Disk Drive Cleaning Kit

The HEAD Disk Drive Cleaning Kit removes debris from your disk drives without abrasion and without disassembly. Recommended for use at least once a week. It removes oxide deposits, smoke particles, and skin oils which "ALL CAN CAUSE LOST DATA AND DISK ERRORS." The cleaning disk inserts like a regular disk and comes complete with cleaning disks and TI approved cleaning solution.

Flip 'N File for 5 1/4" Mini Disks

Protect floppies from dust and other contaminants. Keep your valuable disks safe with the original Flip 'N File Disk Storage Case. This is the original - not a cheap imitation made of substandard materials. Holds 50-70 disks. Comes complete with dividers and index tabs. Built-in carrying handle and hinged cover make this unit the best buy on the market. TEX-COMP has sold these units for over five years with total consumer satisfaction.

TEX-COMP has made a special truckload purchase of premium-grade certified diskettes that were purchased by leading computer and software firms, including TI and Atari for commercial software. All disks come with hub protectors and a Tyvek sleeve. Since they were for software duplication they are 100% tested and certified. In fact, some may already be formatted and contain programs which can, of course, be written over. While officially designated SS/DD, the ones we randomly tested are 100% error free when used as DS/DD.
